

What If You Could DOUBLE Your Training Budget...

Kentucky state sponsored grants can do just that! Grants reimburse your company up to 50% of the training costs you incur. This allows you to train more employees than your current training budget might allow, while keeping your business competitive in the global economy.

- *Are you a manufacturing firm?*
Any Kentucky manufacturing firm is eligible for grant funding.
- *Is the majority of your organization's income generated outside the state of Kentucky?*
Then your company makes an economic impact to the state and you may be eligible for grant funding.
- *Are you a public or non-profit hospital?*
All public or non-profit hospitals licensed by the Commonwealth of Kentucky are eligible for grant funding.

ExecuTrain Can Help With Each Step Of The Grant Process

- Seek funding opportunities for your company.
- Fill out and assist with the application paperwork.
- Represent your company at grant meetings, audits, etc.
- Maintain the documentation and keep it on file for five years, as required for auditing purposes.
- Strategize with you to prioritize your training needs and maximize your funding.
